**SAYS 5,000 MORE HOMES NEEDED IN WASHINGTON**  
 No drop in building material prices is expected for some time, W. C. Hanson, of the E. G. Schaefer Company, told the Washington Association of Credit Men in a meeting yesterday. He stated that plumbing supplies, especially, were maintaining their high-price level. He declared that at least 5,000 more houses were needed in this city to accommodate the present population.

**FRANKLIN MOTOR CO. CUTS PRICES 17 PER CENT**  
 SYRACUSE, N. Y., Sept. 24.—The Franklin Automobile Company today announced a reduction of from 17 to 21 per cent in the price of its automobiles. It was stated that wages would not be reduced. H. H. Franklin, president of the company in making the announcement stated that price reductions in all lines are necessary to stimulate business.

**G. W. U. PLANS NEW RECITATION HALL**  
 Increasing Number of Arts Students Necessitates Building on 21st Street.  
 A new recitation hall for the Department of Arts and Science of George Washington University will be erected this fall to accommodate rapidly-growing student body, it plans proposed by President William Miller Collier receive the approval of the board of trustees. The proposed building will be erected on the east side of Twenty-first street northwest, between G and H streets. Several adjacent lots, which connect with the main university grounds, are being cleared and leveled in preparation for building. President Collier will ask the board of trustees at its next meeting to provide for the immediate erection of the building, in view of the record-breaking enrollment anticipated for this year. He hopes that work will be started within a month and that the building will be ready for occupancy by January 1. The university has leased the historic old dwelling at 2022 G street northwest for classroom purposes. This building will be ready for occupancy when all branches of the university open for the fall term next Wednesday.

**NEWS OF ALEXANDRIA AND NEARBY VIRGINIA**

 The contract for painting the high school building has been awarded William Rudd, of this city.

**LABOR BOARD AND SUFFS ARE STRONG IN NEBRASKA**  
 OMAHA, Neb., Sept. 24.—Returns received today from the special election helped to swell the majorities by which Nebraska voters adopted constitutional amendments to permit the legislature to create a commission to pass upon controversies between employers and employees and to give women unrestricted suffrage. Thirty-nine other amendments were also adopted, including one for a State budget system. The vote counted so far is more than five to one for the suffrage proposal.

## ANNOUNCEMENT

### The Crude Oil Carburetor Co. Of America, Inc.

STOCK OFFERED **\$10** PAR VALUE PER SHARE

ALL COMMON STOCK—FULL PAID—NON-ASSESSABLE.

The books are now open to subscription for shares in this enterprise to supply what is destined to be the greatest revolutionary invention of the automobile world.

### THE CRUDOL CARBURETOR

#### Purpose and achievement of the invention.

This is an invention of the first magnitude. It effectually sweeps aside the future need of gasoline for automotive fuel—rendering it possible to operate, efficiently, all kinds of internal combustion engines by means of crude oil, just as it comes from the well, at a proved saving of seventy-five per cent on the present price of gasoline. Comparative tests made by the Bureau of Engineers of the United States Navy Department demonstrated that the Crudol Carburetor developed a greater average brake-horsepower, on the same engine, than a standard make carburetor using gasoline.

#### Patent protection.

The Crudol Carburetor is fully protected by both Process and Apparatus Patents in the United States. Patents have been issued or are pending in Canada, England, France, China, India and other foreign countries. The United States patents were made special and were examined by the Patent Office in advance of their regular order, at the request of the Secretary of War, who asked that this be done for the good of the Service.

#### Purpose of the funds realized.

A limited number of shares of The Crude Oil Carburetor Company of America is offered to raise necessary funds required, out of which to finance the building of a plant and the establishment of a sales organization for the marketing of the Crudol Carburetor.

#### Desirability of the Crudol Carburetor.

It is manifestly unnecessary to dilate on the merits of such an enterprise as is proposed, for the common knowledge of the vast, present day consumption of high-priced gasoline is sufficient evidence to any investor of the foreordained business success of such a desirable appliance as the Crudol Carburetor due to the sweeping economy its use effects. It is to be priced within the reach of all and an eager market awaits its advent.

#### Don't Delay investigating this offer.

As only a limited amount of stock is offered it behooves the wide-awake investor to quickly investigate this stock, which the quality of the personnel of the officers and directors of the company assures you as being of the highest investment integrity. The known past successful business careers of the men associated in the enterprise further enhance the merit of the company as a sound, practical, conservative enterprise.

#### IMPORTANT

So rarely is a bona fide investment of such importance ever allowed to reach public subscription that we have no hesitancy—in fact we strongly recommend—that you secure the fullest detailed information regarding this investment from our office and

#### Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

#### To abort a cold and prevent complications take

The purified and refined calomel tablets that are nausealess, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.
